Mr. Praful Bhatt  
Science Applications International Corporation  
NASA Langley Research Center  
Mail Stop 401B

Dear Mr. Bhatt:

Congratulations on your being selected as a member of the NASA Group Achievement Award for the LIMS Data Analysis Team. This award will be accepted on behalf of the group by Dr. Ellis Remsberg at the Center's 2003 Honor Awards Ceremony on Monday, August 11, 2003, at 2 p.m. in the H.J.E. Reid Auditorium, Building 1222.

As a group recipient, you are invited to attend this ceremony. Team members will be invited to stand when the group name and citation are read. Although there will be no assigned seating, we are requesting that you sit in the center aisle in the auditorium, so please plan to arrive a little earlier. Hostesses will be available to assist you and your guests, if necessary. Individual certificates will be sent to you at a later date.

In addition, due to increased security at the Center, if you plan to invite a guest, please contact Joella Hanlon at 757-864-5380 and provide their name and affiliation so that a badge and pass can be arranged. Your guest will need to stop at the Center's front gate and pick up their badge and pass. When exiting the Center, please put the badge and pass in the drop box outside the Badge and Pass Office.

We appreciate your cooperation, and if you have any question, please call Anne Overbay at 757-864-9474.

Cordially,

A handwritten signature in dark ink, appearing to read "Leonard R. McMaster".

Leonard R. McMaster  
Director, Atmospheric Sciences
